

Plaintiff Ultravision Technologies, LLC (“Ultravision”) and defendants Samsung Electronics Co., Ltd. and Samsung Display Co., Ltd. (collectively, “the Samsung Defendants”) and Barco NV (“Barco”) (collectively, “Defendants”) hereby jointly move to extend the deadline for the submission of proposed Docket Control and Discovery Orders by one week from February 11, 2020 to February 18, 2020. The parties do not anticipate that any other deadline in this case will be impacted by this extension.

The parties submit that good cause for this extension exists for the following reasons:

- On December 6, 2019, the Court severed from *Ultravision Technologies, LLC v. Yaham Optoelectronics Co., Ltd.*, Case No. 2:18-cv-00118 (consolidated into *Ultravision Technologies, LLC v. GoVision, LLC*, Case No. 2:18-cv-00100), the claims and counterclaims relating to Ultravision’s lighting patent portfolio.¹ See Case No. 2:18-cv-100, Dkt. 183. This resulted in the creation of a new action styled *Ultravision Technologies, LLC v. Yaham Optoelectronics Co., Ltd.*, Case No. 2:19-cv-00398 (“the Yaham Lighting case”).
- On December 19, 2019, the Court consolidated *Ultravision Technologies, LLC v. Samsung Electronics Co., Ltd. and Samsung Display Co., Ltd.*, Case No. 2:19-cv-00252 (“the Samsung Case”) with *Ultravision Technologies, LLC v. Barco NV*, Case No. 2:19-cv-00253 (“the Barco Case”). See Case No. 2:19-cv-00252, Dkt. 26. The Samsung and Barco Cases relate predominately to Ultravision’s display patent portfolio.²
- On January 31, 2020, the Court consolidated the Yaham Lighting Case with the Samsung and Barco Cases. See Case No. 2:19-cv-00252, Dkt. 40.
- Also on January 31, 2020, Ultravision and Yaham Optoelectronics Co., Ltd. (“Yaham”) jointly moved the Court to de-consolidate the Yaham Lighting Case from the Samsung and Barco Cases and to instead consolidate it with *Ultravision Technologies, LLC v. Holophane Europe Ltd.*, Case No. 2:19-cv-00251 (“the Holophane Case”), which also relates to Ultravision’s lighting patent portfolio. See Case No. 2:19-cv-00252, Dkt. 41 (“Reconsolidation Motion”).

¹ A counterclaim for federal false advertising was also severed.

² The Samsung case includes one patent from Ultravision’s LED lighting portfolio.

- On February 10, 2020, the Court granted-in-part the Reconsolidation Motion, ordering that the Yaham Lighting Case be de-consolidated from the Samsung and Barco Cases. *See* Case No. 2:19-cv-00252, Dkt. 43.
- The Court's decision de-consolidating the Yaham Lighting Case from the Samsung and Barco Cases has a significant impact on the parties' proposed Docket Control and Discovery Orders.

Accordingly, the parties respectfully request the Court extend the deadline for the submission of proposed Docket Control and Discovery Orders by one week from February 11, 2020 to February 18, 2020 to allow the parties time to take the Court's decision de-consolidating the Yaham Lighting Case from the Samsung and Barco Cases into account when preparing the proposed Docket Control and Discovery Orders.

Dated: February 10, 2020

Respectfully submitted,

/s/ Alfred R. Fabricant
